## Single Slot Cradle (MeMobilityDesk WorkSpace Cradle)

ME6X-SCRD02-01

- Connect the 12V/2A charger to the DC interface on the back of the single-slot cradle. Connect the cradle to any HDMI LCD monitor using an HDMI cable, and attach the two USB interfaces to a mouse and keyboard or use Bluetooth. Connect the cradle via the Ethernet interface to a network cable, or use Wi-Fi/4G/5G on the ME61 or ME65. Then, insert the ME6X device into the cradle slot to transform any place into a WorkStation without needing a PC. Use Android Apps, connect with RDP to your server software, and utilize Browser - Based Software, ERP, CRM, B2B, etc. The device and battery can also be charged while in desktop mode.
